CHAPTER III THEORY OF THE SACRIFICE The absorbing feature of the vedic worship was the sacrifice; it gained even greater power in ritualistic Brahmanism. In the latter the details of the sacrifice were more important than the god invoked. But throughout this variation the purpose and conception underlying the sacrifice remained the same. The most naive statement of its meaning is found in the Atharva-Veda, where primitive elements had been revived or infused into the experience of the period. It becomes necessary, then, to study the essentials of religious culture as found in the most primitive peoples. Here there is no sacrifice in the customary sense of conceiving sacrifice, but a rite involving all the intenseness and exactness of the sacrifice. These ceremonials are concerned with the clan totem, which may be a plant or an animal. A most intimate relation exists between the totem...
