GLOBAL WARMING

Book Condition: New. Publisher/Verlag: Springer, Berlin | The Potential Impact on Japan | Global warming poses a serious threat to the quality of life in the 21st century. Taking Japan as an example, this book explains the anticipated impact of global warming on modern society-natural ecosystems; agriculture, forestry, and fisheries; water resources and environments; the infrastructure and socioeconomic system; and human health. The most recent scientific and technical information is presented by more than 30 prominent researchers who are assessing...
