What makes the difference Examining such stories of miraculous endurance and tragic death how people get into trouble and how they get out again (or not) Deep Survival takes us from the tops of snowy mountains and the depths of oceans to the workings of the brain that control our behavior. Through close analysis of case studies, Laurence Gonzales describes the stages of survival and reveals the essence of a survivor truths that apply not only to surviving in the wild but also to surviving life-threatening illness, relationships, the death of a loved one, running a business during uncertain times, even war.
